

TIR NAN OG - Irish Folk Rock

The Bavarian Celtic Folk Rockers from „Tir Nan Og“ have released their latest album „Sing, Ye Bastards“ (Prosodia) at December the 11th. Here you'll find all relevant information.

Love, life, death and lots of alcohol - on their sixth album Tir nan Og celebrate those traditional Irish themes and yet Sing, Ye Bastards! is anything but traditional. Over the last few years the six musicians from Bavaria have successfully created their own sound. While some songs get you in a dark and thoughtful mood, others are all fun and rock'n'roll and before you realise it you are singing and dancing along to a catchy tune. The new album has all these elements, yet it is more refined and mature than the previous ones. Never boring, the album delights with a wide range of musical and emotional experiences. From the light-hearted, alcohol-fuelled happiness of *Sláinte* to the angry and powerful *Fear Gorta* Tir Nan Og take you on an exciting musical journey. Sing, Ye Bastards! is modern Irish folk rock that you will love ... because life is always better with a song in your heart and a beer in your hand.
